

UCA's Success Stories Unemployment Cost Control Program

UC Alternative – a provider of an innovative unemployment program designed to outperform

Client #1

A company with 9,000 employees, in 2015 had an unemployment tax rate that was **23% above** the average tax rate for its industry. After 3 years with UCA, its tax rate was reduced to **22% below** the industry average resulting in cumulative tax savings of \$5 million.

Client #2

A company with 3,000 employees, in 2015 had an unemployment tax rate that was **10% below** its industry average. After 2 years with UCA, its tax rate was reduced to **72% below** the industry average. The company is **currently at the state MINIMUM rate of .06%**, resulting in a cumulative tax savings of \$1.5 million.

Client #3

A company with 6,000 employees, in 2013 had an unemployment tax rate that was **1% above** its industry average. By 2017, the tax rate was reduced to **44% below** the industry average, resulting in a cumulative tax savings of \$4.2 million.

With UC Alternative's "Outcomes Oriented" program, the result is real, tangible bottom-line savings of hundreds of thousands, if not millions of dollars.
